THE MARTYR.

Polly—So Mrs. Highmere's husband has developed bad habits. How did you hear about it?

Dolly—Oh, Mrs. Highmere invited us all to an afternoon tea so she could tell us how she suffered in silence!

An Artist.

"You had to refuse the request of these men?"

"Yes," replied Senator Sorghum.

"Were they angry?"

"Not at all. I showed so much grief at not being able to oblige them that they went away sympathizing with me."

Personal.

Garrulous Barber—As the sayin' goes, "There's always room at the top."

A SPOON SHAKER. Straight From Coffeedom.

Coffee can marshal a good squadron of enemies and some very hard ones to overcome. A lady in Florida writes:

"I have always been very fond of good coffee, and for years drank it at least three times a day. At last, however, I found that it was injuring me."

"I became bilious, subject to frequent and violent headaches, and so very nervous, that I could not lift a spoon to my mouth without spilling a part of its contents."

"My heart got 'rickety' and beat so fast and so hard that I could scarcely breathe, while my skin got thick and dingy, with yellow blotches on my face, caused by the condition of my liver and blood."

"I made up my mind that all these afflictions came from the coffee, and I determined to experiment and see."

"So I quit coffee and got a package of Postum which furnished my hot morning beverage. After a little time I was rewarded by a complete restoration of my health in every respect."

"I do not suffer from biliousness any more, my headaches have disappeared, my nerves are as steady as could be desired, my heart beats regularly and my complexion has cleared up beautifully—the blotches have been wiped out and it is such a pleasure to be well again." Name given by Postum Co., Battle Creek, Mich.

Dr. Harvey W. The defeat by a vote of 32 to 14 of the first of Senator Cummins' amendments to the Canadian reciprocity bill in the Senate made it clear that the measure is scheduled to emerge from the Senate without any change from its original form. The Senate refused to attach to the bill Senator Cummins' proposal to give Canadian fresh meats and meat products free access to the American markets.

Harry N. Atwood, the Boston aviator, flew over Washington in his aeroplane, played aerial pranks with the Washington monument, circled tall buildings, had fun with an army of automobiles, bicycles, pedestrians and police by pretending to land at various points in Potomac park, and finally after a series of sweeping circles near the capitol, soared in the gathering dusk to the army aviation field at College Park, Md., whence he had come.

With the Supreme Court decision still ringing in the ears the tobacco trust received another jolt when Dr. Harvey Wiley made the prediction that within fifteen years smoking and chewing tobacco in public will be abandoned.

Two important insurgent speeches against the Canadian reciprocity bill were made when Senators La Follette of Wisconsin and Bristow of Kansas introduced their amendments to that measure and spoke in favor of them and against the specific features of the pending bill.

The amendments offered by Senator Cummins of Iowa and the two offered by Senator Simmons of North Carolina, all seeking to increase the number of Canadian manufactured articles that shall be admitted free of duty, were voted down. The voted stood 14 to 53.

ARE YOUR KIDNEYS WEAK?

Thousands suffer from sick or weak kidneys without knowing the cause. If you have backache, headache, urinary disorders, look to your kidneys—give the help the kidneys need. Mrs. R. E. Scott, 302 Front St., Baker City, Ore., says: "For twelve years I was a sufferer from kidney trouble. My back ached terribly, the kidney secretions were in awful condition and my bladder badly inflamed. I grew so bad I was bed-ridden and was so thin I looked like a skeleton. Doctors failed to help me and I began using Doan's Kidney Pills. They cured me permanently and I am now as well and strong as anyone."
